BUILD + INSTALL INSPIRE

Why we love this pic: Leila's super-smart parents chose a full-size Lexington porch model and had a divider wall installed. Half is for storage and half is a whitewashed playhouse, a space children can't resist. The take-away? Thinking creatively can turn a shed into anything you want. See the whole story on page 44.

COVER

SKYLINE, 18'x26'. Special touches: 14/12 roof pitch. Smartside in Sage with Soft White trim, cedar shakes by customer, 8' walls, 48" dormers with windows, 36" fiberglass door, 8'x7' garage door, five 30"x36" vinyl windows, large wood vents.

BUILD + INSTALL
INSPIRE

OUR PURPOSE is to reflect the Hand of God in the quality and integrity of our work, to be His steward in our use of the Earth's resources, and to witness for Him in the fairness, honesty and humility of our daily interactions with others.

OUR VISION is to use new, efficient, green building methods and materials to provide well-designed, well-constructed accessory buildings, homes and commercial buildings that solve problems for people and improve their living conditions.

OUR MISSION is to treat everyone with respect, never bragging or exaggerating, helping buyers make the best choice for their family or business, being fair and honest in every transaction, delivering on time, and exceeding expectations whenever possible.

OUR PLEDGE TO YOU

You will never be treated unfairly or unkindly here.

www.kleidon.com

We think the outdoors should be part of everyone's life, and we know an auxiliary structure can help you make the most of it with extra storage, a new workroom or an inviting backyard retreat.

Our goal is to help you make that happen with products and service you can trust – clean modern design, efficient construction, authentic craftsmanship and a unique bonus: paint and stain selections by a renowned color expert.

We are here to bring you inspiration and buying advice, helpful experts at our Outdoor Centers, and the new Virtual Shed Builder, a fun way to get started.

We're always looking for inspiring shed, barn and garage stories. Got something to share? Go social with us or contact us anytime. [f](#) [t](#) [@](#) [p](#) [v](#)

In the meantime, happy reading, happy building!

Rose Kleidon

HANOVER, 10'x10': Special touches: SmartSide in Viva Violet with Soft White trim and Weathered Wood shingles. SilverTech roof sheathing, 72" fiberglass double entry doors and 30"x36" aluminum windows. A custom interior features wallboard, pine-paneled ceiling, electrical wiring and a vented heating/cooling unit. See more pictures online.

PURPLE PASSION

We're totally in love with this Viva Violet writing studio. Author S.G. Savage needed a space all her own, where she could continue her five-book fictional series, *Lydia's League of Angels*, which bring awareness to child abuse and human trafficking. "I wanted something very custom," the author says, "a place with no phone and nothing but my favorite things." With her writing studio in place, book three is coming together with, shall we say, all the intensity of purple?

7 SMART REASONS TO BUY HERE

Settle for an ordinary shed? Never! No need to, whatever your budget. Our sheds look great, increase property value and give you space for storage, workshops and entertaining. Every time you use it, every time you look at it, you'll be glad you bought here.

1 STRENGTH, TOP TO BOTTOM

- a. 6" fascia
- b. Premium clear studs, 16" on center
- c. SmartFloor strength, and you can double it!
- d. Joists installed on edge

2 GUARANTEED, TOP TO BOTTOM

- a. 30-year dimensional shingles
- b. Industry's top 5/20-year warranties

3 TREATED, ENGINEERED WOOD

- a. Authentic, renewable resource
- b. Made with less waste
- c. Treated walls, trim, floors & skids

4 LATEST TECHNOLOGY

- a. Panelization: straighter, tighter, stronger
- b. Baked-on finishes last longer

5 MORE SECURE

- a. 6' no-rust aluminum hinges
- b. Keyed locks

6 BETTER DESIGN

- a. Architectural lines, classic proportions
- b. A professional palette of paints & stains
- c. Many upgrades and options

7 FAST INSTALLATION

- a. Factory-built and installed in about an hour
- b. Built on your site quickly and cleanly

YOUR TOTAL SHED PACKAGE.

it's all about the farmyard

12 WHY THIS COPPER TREND IS HERE TO STAY

14 ONE SWEET LOFT

SKYLINE, 20'x24': Special touches: SmartSide in Driftwood with Trail Bronze doors and window frames. Weathered Wood shingles, Crossbuck and Cottage Crossbuck pine doors with strap hinges, 28"x29" wood windows, pent roof with standing seam copper roofing and arched timber braces, corbels, extra-large coppertop cupola with copper finial. The picturesque farmhouse look updates brilliantly with just a touch of copper luxe.

Why this Copper Trend is Here to Stay

Home to donkeys, ponies and chickens, this copper-touched barn is a favored after-school hangout for the family's two little girls, where they trade stuffed animals for real ones, and in the process, immerse themselves in farm life and learn the joys and responsibilities of caring for farm animals.

CUSTOMIZED LEXINGTON, 28'x36'. Rustic stained siding and copper on the pent roof, cupola and finial come together for true country glamour. This big, 28'x36' barn is complete with horse stalls, a workshop, and stairs to a full second floor. Resting on a concrete floor, it features comfortable overhangs shading both sides and doors hung from rails the old-fashioned way.

ONE SWEET LOFT

Get maximum storage the same way farmers always have — with a gambrel roof. That balloon-shaped roof results in more usable loft space. Farmers need it for hay and straw, and it's a good idea anytime. Ontario comes in twenty-nine sizes with lofts that get bigger as the barn does.

ONTARIO, 16'x28'. Special touches: SmartSide siding and trim in Butternut, Brown shingles, coppertop pent roof with arched timber braces in Trail Bronze, brown garage door, large wood vents and a large coppertop cupola with copper finial. Not shown: Crossbuck door, 8' loft.

ONTARIO, 12'x16'. Special touches: SmartSide in Riverway with Devon Cream trim and Weathered Wood shingles. Craftsman Stall doors, 30"x36" aluminum windows, Crossbar shutters and a large cupola.

WINDSOR, 10'x12'. Special touches: SmartSide siding and trim in Barn Red, Black shingles, Crossbuck doors with decorative hinges.

welcome, plant people

SHE SHEDS ARE HAVING A MOMENT

And what a moment it is! This one is outfitted for an enthusiastic gardener – part tool shed, part potting shed, part dirt-delver’s hideout. What does the owner think?

“What a super place for work and play!”

RAVEN, 14'x18'. Special touches: Smartside in Driftwood with Devon Cream trim and Barn Red accents, Weathered Wood shingles, 36" extended eave with arched timber braces, corbels, custom coppertop cupola, 33" and 66" Craftsman Crossbuck doors, awning over double door, four 28"x29" wood windows, two 60" flower boxes, lofts and workbenches.

CHIC, SWEET, OH-SO-USEFUL

A translucent roof lights up this potting shed every day of the year, while a workbench and plant shelf invite any seed to sprout. It comes standard with these and what gardeners would ask for most – two single-hung windows, shutters, window boxes and a ridge vent.

GARDENER, 8'x10'. Special touches: SmartSide, Weathered Wood shingles, paint in Latte, Soft White and Pumpkin, Craftsman Braced door and a small cupola.

BROOKSIDE, 10'x16'. Special touches: Soft White with Trail Bronze on the porch post and deck. Craftsman Braced door, 28"x29" wood windows, Crossbar shutters, flower boxes, steel roof in Galvanized. Not shown: double doors for the mower and tiller, a potting bench under the windows.

finding grace

The Son Flower Shack is dedicated to the memory of the owner's son. It gives her a bright place to paint pots and sell plants, the proceeds of which she uses to support families in grief. "Helping people who have lost children is why I started," she reflects, "I've heard so many different stories, and each is touched with a bit of grace."

SKYLINE, 10'x12'. Special touches: SmartSide with siding and trim in Soft White, custom shingles, 36" fiberglass door, eight 24"x36" aluminum windows, two 24" flower boxes, a large cupola, lofts and a workbench. Gutters by owner. Not shown: 66" Craftsman Pushbar doors.

BRILLIANT BACKYARD HACKS

Driftwood is the new Gray Shed craze. Driftwood is a warm greige stain with always-been-here texture. It plays well with a pop of accent paint or stain and the monochromatic magic of Weathered Wood shingles or the industrial chic of a Galvanized steel roof. It's warm, understated and very of-the-moment.

SKYLINE, 14'x16': Special touches: 12/12 roof pitch, SmartLap siding and trim in Driftwood, Cedar stain on door, Black shingles, 28"x29" wood window, 66" Cottage Braced doors, one set of two plant shelves, custom gutters.

SKYLINE, 12'x20': Special touches: SmartSide in Driftwood, trim and accents in Cedar stain, and Weathered Wood shingles. Pent roof with arched timber braces, 30"x36" aluminum windows, 66" Craftsman Pushbar doors with aluminum threshold, medium coppertop cupola with copper finial.

that easy outdoor feel

- 27 TAKE ENTERTAINING TO THE NEXT, NEXT LEVEL
- 28 INSPIRED BACKYARD IDEAS
- 30 WHAT FAMILY FUN IS MADE OF

AURORA, 10'x16'. Special touches: Pine Cove siding with Smoke stain, Weathered Wood shingles, 72" fiberglass doors painted by customer in Cherry, 28"x29" wood windows, flower boxes, corbels, radiant heat barrier roof sheathing, workbench and 2' loft. Not showing: 24"x24" aluminum windows across the back wall.

Renowned chef Kathy Lehr uses her Aurora as a classroom for students and an outdoor entertaining center. Linens, settings and serving pieces are stored within easy reach and in the winter, tables and chairs are tucked inside. To inquire about cooking classes or buy a bread-baking video, contact Kathy at taoofdough@neo.rr.com.

TAKE ENTERTAINING TO THE NEXT, NEXT LEVEL

It's your job to keep the family coming back home, and what better inducement than dinner al fresco? Make it easier with a three-season outdoor kitchen in a shed like these taken to new heights of fun and functionality. Delight in Somerset's spectacular clerestory roof windows, or dress up an Aurora with ten-light fiberglass doors in Cherry-painted cheerfulness.

SOMERSET, 12'x20' Special touches: SmartSide in Ocean Mist and Devon Cream, Weathered Wood shingles, Cottage Basic doors in Nature, 30"x36" aluminum windows, Crossbar shutters.

INSPIRED BACKYARD IDEAS

LEXINGTON, 14'x16'. Special touches: SmartSide siding in Willow with Soft White trim and Trail Bronze accents, steel roof in Galvanized, 33" and 66" pine doors, 28"x29" wood windows, awning over windows, vinyl clad posts and one set of two exterior plant shelves.

Go extraordinary with a five-sided shed or a full-porch shed. Either says, "Yes!" to your backyard, whether you use it as a zen-like painting studio, line it with your top-of-the-line bow-hunting equipment or fill it with items you'd rather not list.

MARCO, 12'x12'. Special touches: five-sided footprint. Custom overhang, custom slate shingles, Driftwood stain on SmartLap siding, double full-light cedar doors, 20"x60" windows and awning.

WHAT FAMILY FUN IS MADE OF

Being a family is awesome. Celebrate it with a summer's worth of splashing and a pool house with full family and guest accommodations. If you've got a big idea, ask us about our architectural design services. This custom design began with a Lexington, but, baby, how it's grown!

EXTRA-CUSTOM LEXINGTON, 20'x48'. Special touches: stone and stucco siding, roof pitch increased for a cathedral ceiling and loft for guest suites/changing rooms. On the first floor, you'll find a full-service kitchen and a game room.

remote and rustic

- 34 KEEPING IT NEUTRAL, NATURALLY
- 37 BACKYARD CHIC WITH A SECRET
- 38 GO RUSTIC, BECAUSE, WHY NOT?

RAVEN, 14'x16': Special touches: 36" extended eave overhang and arched timber braces, SmartLap siding in Barn Red with Trail Bronze accents, Black shingles, Cottage Basic doors in pine, 28"x29" wood windows, corbels, large wood vents, awning and custom coppertop cupola.

KEEPING IT NEUTRAL, NATURALLY

Riverside, lakeside or patio-side, wherever your backyard resides, it can do more with a shed for entertaining, putting that kayak or canoe to bed, or becoming a fireside-and-s'mores destination. Give yourself a chance to break away and focus on the important things like having coffee on the patio, rowing a boat or watching the sunset.

HORIZON, 10'x16'. Special touches: trim and pine cove siding in Trail Oak. Brown shingles, hand-peeled cedar posts, 28"x29" wood windows, Craftsman Stall door, flower boxes and large wood vents.

AURORA, 16'x20'. Special touches: 8' walls, SmartSide siding and trim in Spun Gold with Butternut accents. Weathered wood shingles, 66" and 33" Pushbar doors, 28"x29" and 20"x36" wood windows with Butternut grills. Inside: three 16" shelves.

MARCO, 10'x10'. Special touches: five-sided footprint. SmartSide in Khaki with Sandstone trim, Black shingles, 15-light fiberglass doors, 24"x36" aluminum windows, 24" flower boxes, vinyl shutters.

PAYSON, 12'x16'. Special touches: SmartSide in Spun Gold with Soft White trim and accents in Trail Bronze and Cherry. Tan Shingles, Cottage Basic door, roll-up door, interior and exterior serving shelves, and 30"x36" aluminum windows.

ELLIOT, 8'x10'. Special touches: SmartLap siding in Still Water with Soft White accents, 54" Pushbar pine doors in Trail Bronze, Medium Gray shingles, 60"x10" window.

BACKYARD CHIC WITH A SECRET

Just because it's chic doesn't mean it can't be functional — or affordable. The modest size of these sheds hides their big capacity, not to mention their big effect on a backyard.

AURORA, 8'x12'. Special touches: SmartSide in Chestnut, Black shingles, 66" double Cottage Stall doors in Black Fox, 24"x36" aluminum window with brown grills. Inside: three 16" shelves.

GO RUSTIC, BECAUSE, WHY NOT?

A gambrel roof is pure country, and a Scioto porch invites a pair of rocking chairs. Here, it's all done right with hefty 6"x6" porch posts in a woody stain and below the porch, joists running as they should – crosswise – to prevent settling at an angle or separation. A properly rustic structure should feel hand-crafted but meet today's design and construction standards.

AURORA, 10'x16' Special touches: SmartSide in Soft White with Dark Spruce accents, Teak shingles, 66" Pushbar doors, 30"x36" aluminum windows, flower boxes and gable-end shakes. Not shown: three 16" shelves.

SCIOTO, 20'x20' Special touches: SmartSide in Sage with Khaki trim, Tan shingles and Trail Bronze stain on a large cupola, doors, windows, and porch deck and posts. Cottage Braced pine doors, 28"x29" wood windows and 30"x36" aluminum windows with Z-style shutters.

warmth. personality. storage.

42 THE MAGIC OF ONE
44 SOMETHING FOR EVERYONE

SKYLINE, 10'x10'. Special touches: SmartSide in Driftwood stain and Turquoise accents, 20" x36" and 28" x29" wood windows and Weathered Wood shingles. Not shown: Cottage Stall door

THE MAGIC OF ONE

Maybe it's just the way the light hits it on a soft day, but the emerald tones of this color are nothing less than enchanting. Here one hue washes over the entire building, and it's a saltbox at that, a shape that harks back to farmyards and shipyards everywhere, from Ireland and Cornwall to the maritime provinces.

SPRINGFIELD, 10'x14': Special touches: SmartSide in Dark Spruce, Teak shingles, Pushbar double doors with decorative hinges, 28"x29" and 20"x36" wood windows with Dark Spruce grills.

HAMPTON, 12'x16': Special touches: SmartSide in Navy with Soft White trim, Weathered Wood shingles, 66" wide Cottage Basic double doors, Cottage Basic single door, 30"x36" aluminum windows, Z-style shutters and flower boxes.

PAYSON, 12'x16': Special touches: SmartSide siding and trim in Nature, posts and porch deck in a clear finish, 66" Cottage Basic doors, 20"x36" and 28"x29" wood windows with grills stained in Nature.

Something for Everyone

What a good idea! Take one new Lexington shed and insert a divider wall – half for garden equipment, half for the kids. Add a coat of whitewash, and tea is served in a space inspired by a movie, *American Girl: Grace Stirs Up Success*, bringing a little bit of Paris to the backyard. The parents say, “This divided shed fits perfectly in our yard and charms everyone who sees it.”

LEXINGTON, 12'x14'. Special touches: Custom ¾ height divider wall, paints and paint scheme. SmartSide, Medium Gray shingles, 33" Cottage Braced pine door and 54" Braced pine doors. decorative strap hinges, 30"x36" aluminum window with Crossbar shutters.

a smart-budget choice

49 AFFORDABLE SHEDS TO CONSIDER

51 GIMME SOME HORSE SENSE

52 IS IT A SHED OR A BARN?

Who doesn't love a red door? But it's what's inside that most people remember. The Hanover advantage is its 7/12 roof pitch. It opens up the interior in a big way, and yes, it looks nice on the outside, too. All the affordability of our New England series and what a look and feel!

HANOVER, 12'x24'. Special touches: vinyl siding in Almond with Barn Red on Pushbar double doors, Craftsman Stall single door, Z-style shutters and window boxes. Bronze steel roof and 30"x36" aluminum windows.

HANOVER, 12'x20'. Special touches: SmartSide in Charcoal Gray with Soft White trim, Medium Gray shingles, Cottage Stall doors, 30"x36" aluminum windows, Z-style shutters, wood vent, cedar flower boxes, and a large cupola with a sailboat weathervane.

DELAWARE, 8'x10'. Special touches: SmartSide in Willow, Devon Cream trim and Viva Violet accent. Weathered Wood shingles, Cottage Stall doors, 24"x24" aluminum windows, flower box and cupola.

AFFORDABLE SHEDS TO CONSIDER

You can depend on New England sheds to make a big difference. A smart-budget choice for sure, these are better than some sell as "best," with quality panelized construction, treated skids, joists on edge, SmartSide with reflective interiors, SmartFloors, piano hinges and keyed locks.

HARTFORD, 10'x16'. Special touches: SmartSide in Driftwood with Nature trim and accent. Weathered Wood dimensional shingles, 66" Cottage Crossback double doors, 24"x36" aluminum windows.

RAISED HENRIETTA CHICKEN COOP, 6'x8'. Special touches: Barn Red siding and trim. Egg-gathering drop-down door, access door and screened ventilation windows. With or without a screened porch. Foxes not welcome!

GIMME SOME HORSE SENSE

From the handy 8'x12' tack room to the steel roof, this barn is all kinds of country. But of course, it's the red gates taking the look from once-a-upon-a-time rustic to urban cowboy. Do this yourself in almost any shed model. (We recommend Aurora, Hanover, Mystic and, like this one, Hartford.)

HARTFORD STABLE, 12'x28'. Special touches: SmartSide in Cedar stain, steel roof in Galvanized, 28"x29" wood windows with Cherry accent paint, large cupola and horse weathervane. Red gates are 8' wide, and stables include 4' high kickboards, a 6' high divider, and a reinforced perimeter for delivery without a floor. Dutch doors are available.

IS IT A SHED OR A BARN?

Three affordable New England sheds (or barns!) are for those who love a gambrel roof, which gives you the traditional farmyard look and an excellent way to maximize loft storage. Spec your Mystic with a door on the end or on the side.

MYSTIC SIDE DOOR, 10'x16'. Special touches: SmartSide siding and trim in Cedar stain, Brown shingles, Braced doors and 24"x36" aluminum windows. Inside: extra-depth lofts.

BOSTON, 10'x12'. Special touches: SmartSide in Khaki with Devon Cream trim, Weathered Wood shingles, Crossback doors and aluminum threshold.

MYSTIC END DOOR, 10'x10'. Special touches: SmartSide in Barn Red with Soft White trim and doors, Weathered Wood shingles, Craftsman Crossback doors and a wood vent.

quality wood playhouses

56 THEY'RE ONLY YOUNG ONCE

57 JOIN THE CLUB

*If you have a door all painted in blue,
And a friend arrives, as they sometimes do,
Say, "Come right in, I'll make us tea!
What shall we play? Who shall we be?"*

VICTORIAN, 8'x8': Special KidzSpace touches: SmartSide in Princess Pink and Soft White with Medium Gray shingles, 3'x8' deck with railing.

VICTORIAN, 8'x8': Special KidzSpace touches: SmartSide in Ocean Mist with Soft White and Cool Blue with Medium Gray shingles.

They're Only Young Once

Encourage imagination and independence with a quality-built playhouse of long-lasting wood with child-safe windows, adult doors in the back or side and child-sized lofts.

VICTORIAN, 8'x10'. Special KidzSpace touches: SmartSide in Princess Pink and Soft White with Medium Gray shingles.

CASTLE, 8'x8'. Special KidzSpace touches: SmartSide in Charcoal Gray with Soft White trim, pine door in Trail Bronze, shutters, Medium Gray shingles.

JOIN THE CLUB

It's only paint! But what a difference it makes, like a shout to children:
"This place is for you!"

CLUBHOUSE, 8'x12'. Special KidzSpace touches: SmartSide in Soft White with Pumpkin, Turquoise and Grass with Medium Gray shingles.

escape to a perfect garage

61 GARAGES SOLVE SPACE PROBLEMS

63 FOR MORE ROOM, GARAGE IT!

CUSTOM SOMERSET, 16'x32' Special touches: SmartSide in Charcoal Gray with Soft White trim, Black shingles, 8' walls, 12/12 roof pitch, 9'x7' garage door, solid-panel fiberglass door, concrete floor by customer, custom windows and custom full-width pent roof.

CUSTOM SKYLINES, 32'x54', AND 16'x28'. A few of many special touches: 12/12 roof pitch with cathedral ceiling. Not shown: a full-height foundation gives this L-shaped garage a full walkout on the far side.

GARAGES SOLVE STORAGE PROBLEMS

Several shed models can be built as garages or you can go custom – we do both and can help you decide what's best and least costly. Three simple changes can turn a shed into a garage: **(1)** 8' side walls, **(2)** garage door (s), **(3)** heavy-duty flooring – double SmartFloor or concrete. Your Outdoor Specialist is happy to answer questions and help you design the garage you want.

HARTFORD DOUBLEWIDE GARAGE, 24'x24'. Factory-built and shipped as two halves. Special touches: SmartSide in Ocean Mist with Soft White trim, Medium Gray shingles, 9'x7' garage doors, large cupola. Not shown: Pushbar single door.

CUSTOM SKYLINE, 24'x36'.

HARTFORD GARAGE, 12'x20'. Special touches: Smartside in Navy with Soft White trim, garage door and single Cottage Basic door, Weathered Wood shingles.

FOR MORE ROOM,
GARAGE IT!

RAVEN GARAGE, 20'x24'. Special touches: vinyl siding in Flint, Medium Gray shingles, extended overhang, 24"x36" aluminum windows, vinyl shutters in Black, garage door and fiberglass single door in White. Foundation and rain gutters by owner.

Solar. It's time. This custom, off-the-grid solar office near Lake Erie uses maintenance-free solar panels for electricity and thermal collectors for hot water heating. Payback should be achieved in ten years, if not sooner, based on electricity savings, tax credits/rebates, and increased equity value.

REMOTE LOCATION? SURE.

Create a cabin from Aurora, Brookside, Horizon or Skyline in 10' or 12' widths with several length options, each able to be trucked to a remote location and installed with minimal fuss. Interiors are insulated and finished with SmartSide or 8" pine – a nice touch for a hunting cabin or your own place "to live more deliberately," now affordable as never before. The interior package also includes 100-amp electric, a switched ceiling light and five outlets. Options include heat and A/C, porch lights and much more.

TINY HOMES, BIG IDEAS

With their soft impact on the environment and the wallet, tiny homes are a big thing. They open the door to the simple life – easy to afford with more self-sufficiency and time to enjoy life. Ours are modular for maximum savings and come well equipped with interior lighting, wallboard, flooring, insulation, carpet, cabinets, countertops and plumbing fixtures. Many sizes and options available.

A-FRAME COTTAGES, 24'x40'. Special touches: 8" pine cove siding, cathedral ceiling, custom kitchen, sleeping loft with stairs, bathroom(s), much more. A-Frames go up in a flash, usually 2-3 days.

MODEL | PRODUCT LINE, page number(s), roof style and other product information (side and/or end entry unless noted).

BOSTON | NEW ENGLAND, p. 53
Gambrel. 4' sidewalls, end entry only.

A LIGHT TOUCH, BUT NICE

The door is widened to 66" and its style upgraded to Cottage Stall. A 30"x36" window is at home here with Crossbar shutters.

HANOVER | NEW ENGLAND, pp. 7, 47, 48
Gable, 7/12 pitch. 6'6" sidewalls.

BROOKSIDE | SIGNATURE, p. 20
Gable, 5/12 pitch. 6'6" sidewalls. 3'x8' porch. Single & double doors. Dimensions include porch.

HORIZON | SIGNATURE, pp. 34, 65
Gable, 8/12 pitch. 6'6" sidewalls. 4'D porch, Cathedral ceiling, 12'W and smaller: 2' & 4' lofts. 14'W and wider: two 4' lofts. Dimensions include porch.*

ONTARIO | SIGNATURE, FACTORY-BUILT
Gambrel, 5'4" sidewalls, 2"x10" top plate, 2' loft with 2"x4" joists.

SCIOTO | SIGNATURE, p. 39
Gambrel roof. 4'D porch: 6'6" sidewalls. 7'D porch: 8' sidewalls. 4' loft with 2"x8" joists. Dimensions include porch.

WINDSOR | SIGNATURE, p. 15
Gambrel, end entry only. 4' sidewalls. 10'W: 2' loft w/2"x4" joists, 2"x10" top plate.

CLUBHOUSE | KIDZSPACE, p. 57
Gable, 10/12 pitch, 4' sidewalls. Adult door in back. Five 14"x21" & one octagon window, loft w/ladder. 8'x4' porch. Dimensions include porch.

MORE IS MORE

More windows! These are 28"x29" wood windows with flower boxes. Corbels decorate the eaves, and a cupola reigns above. Trim paint now extends to corbels, and an accent color is the coup de grace.

HARTFORD | NEW ENGLAND, pp. 49, 51, 61, 62
Gable, 6'W -14'W: 4/12 pitch. 6'6" sidewalls. 16'W -24'W: 3/12 pitch. 7' sidewalls. (Wall height varies slightly for delivery purposes.)

ELLIOT | SIGNATURE, p. 36
Shed roof, 6'6" & 8' sidewalls. (Wall height varies slightly for delivery purposes.)

LEXINGTON | SIGNATURE, pp. 12, 28, 30, 45
Gable, 5/12 pitch. 6'6" sidewalls. 4'D porch. Dimensions include porch.

ONTARIO | SIGNATURE, BUILT-ON-SITE, pp. 14, 15
Gambrel, 6'6" sidewalls, 2"x10" top plate, 10'W -12'W: 2' loft with 2"x4" joists. 14'W -20'W: 4' loft with 2"x8" joists.** Available with extended eave as Bristol

SKYLINE | SIGNATURE, pp. 11, 21, 22, 23, 41, 60, 62
Gable, 8/12 pitch. 8'W -20'W: 6'6" sidewalls, 24'W: 8' sidewalls.*

RAISED HENRIETTA CHICKEN COOP, p. 50
Saltbox, raised 12" above ground, 6'x8'. Shown with optional screened porch. Two 14"x21" windows, 6 easy-access nesting boxes (3 with screened porch), roosting bar.

VICTORIAN | KIDZSPACE, p. 54, 55, 56
Gable, 10/12 pitch, 4' sidewalls. Adult door on right. Two 14"x21" windows, loft with ladder. Optional deck comes w/fancy white railings.

*12'W factory-built sheds have a 7/12 pitch.
**24'W: full loft with 2"x12" joists and pull-down stairs.

CATSKILL SHEDS. WORKHORSE CONSTRUCTION. NO-NONSENSE.

100% Factory-built of the tightest specs and ready for delivery. Exclusively SmartSide, overbuilt for strength and available with a primer coat only. 8 upgrades available, 3 ways to buy fast – cash or credit, rent-to-own or 12 months/no interest. Put extra storage or new work space wherever you've got a job to do.

ABOVE: HARTFORD, 12'x16'

End doors, Black shingles. Upgrade: 8' walls.

L: BOSTON, 10'x10'

Weathered Wood shingles, no upgrades.

R: HANOVER, 10'x16'

Side doors, Weathered Wood shingles, no upgrades.

L: MYSTIC, 10'x16'

Side doors, Black shingles. Upgrade: 24"x36" windows.

R: MYSTIC, 12'x24'

Upgrade: Garage door.

AVAILABLE UPGRADES

1. Increase 54" double door width to 66"
2. Replace double door with insulated garage door
3. Add a 33" single door
4. Increase wall height to 8' (Hartford)
5. Add 24"x36" single-hung windows
6. Add 2' or 4' storage loft
7. Aluminum Threshold
8. Metal Ramps

LP SMARTSIDE® PRECISION PANELS

SmartSide is engineered to last longer with cedar grain textured exteriors and bright SilverTech interiors. 8" Pine cove siding available.

WHAT TO LOOK FOR IN LAP SIDING

Our SmartLap siding is better because it is designed with clear drip paths that channel rainwater away. This prevents wicking to the inside, which can cause rot.

STANDARD PAINTS & STAINS Soft White also available.

PREMIUM PAINTS Using a premium paint for siding costs a little more.

TRAIL STAINS For pine cove or log siding, porch posts and decks.

FACTORY-BUILT SHEDS come with two paints or stains. Choose any standard paint or stain for base areas and any paint or stain for trim. Premium and Accent paints are available on siding at a modest upcharge. Additional colors can be applied for a minimal set-up charge per color.

BUILT-ON-SITE SHEDS come with a primer coat only. They are available with factory-applied paint or stains; cost varies slightly with paint or stain chosen, and free touch-up paint or stain is included. Please expect to do touch-ups after installation.

PORCH DECKS AND POSTS on factory-built sheds come with a clear finish. Built-on-site are unfinished.

FOR HOMEOWNER APPLICATION, paint or stain is available in the can.

ON VINYL SHEDS, SmartSide doors are painted or stained at no charge.

Printing does not allow for absolutely accurate hue representation. See your Outdoor Center for actual samples.

WHERE FINISHES ARE APPLIED

- Base Areas
- Trim & Accent Areas
- A Siding
- B Corner boards
- C Fascia
- D Door panels
- E Corbels
- F Door trim
- G Trim around doors (on shed)
- H Wood vents
- I Window trim
- J Wood shutters
- K Wood flower boxes
- L Cupola
- M Awning (not shown)
- N Wood windows (not shown)

FAVORITE ACCENT AREAS

VINYL SIDING 5" straight. White also available.

VINYL SHUTTERS White also available.

VINYL SHUTTERS

SHINGLES Shown as dimensional shingles. Dimensional shingles are standard on Signature, available on New England as an upgrade.

STEEL ROOFS 29-gauge steel. Not available on Ontario, Scioto or Windsor.

WINDOWS Aluminum windows available in white or dark brown.

Radiant Barrier
Reduces solar heat gain significantly and installs in place of regular roof sheathing

Cedar lattice awning
(for windows or doors)

Cedar Window Box, 24"; 30"; 48"; 60"; 72"

WOOD SHUTTERS
Crossbar Z-style

GOOD BONES. WHY A WOOD DOOR IS YOUR TOP SHED CHOICE.

You may wonder why we recommend a wood door for your shed over steel, fiberglass or vinyl. The answer has everything to do with winter. Homes have footers going down 3'-5', below the frost line. Sheds do not. This means sheds go through a freeze/thaw cycle every year, unnoticeable in walls, floor or roof, but affecting doors.

Our wood doors are designed to tolerate the freeze/thaw cycle in ways other materials cannot. Our doors have strong interior frames of 2"x3"s on edge. Their SmartSide and SmartTrim layers give all exposed surfaces SmartGuard protection – structural resistance to warping and chemical resistance to mold, dry rot and termites.

Wood doors take paint and stain beautifully, an advantage with any siding, including vinyl. They are excellent insulators and secure, especially with piano hinges and a keyed lock. Wood resists ordinary wear and tear and is easy to maintain, repair and refinish. The solid feel of wood is most traditional, most desirable and best for resale, which is why every other door is made to look like wood.

Should your door ever stick on a cold winter's day, the best thing to do is nothing! It will likely come back into position when the temps warm up. If not, the solution is simple: shim up a back corner. This little bit of correction can work wonders to re-align a door.

WOOD DOORS 72" h in SmartSide.

COTTAGE BASIC ALSO AVAILABLE. SEE PAGE 27, 43, 62.

FIBERGLASS DOORS Not under warranty.

GARAGE DOORS Also available in white. Insulated. Aluminum threshold included.

If factory-built:
8'Wx7'H Regular clearance for Mystic, 10' and wider
8'Wx7'H Low clearance for Aurora and Hanover, 12' and wider
8'Wx6'4"H Low clearance for 10' Aurora and Hanover, 10' and 12' Hartford
If parking a full-size vehicle on a SmartFloor, upgrade to 12" on center floor joists and/or a double SmartFloor.

Coppertop cedar cupolas
24"x24"
30"x30"
42"x42"

Cupolas, medium or large in unfinished, treated wood
17"x17"
22"x22"

WEATHERVANES

A: Carriage B: Rooster C: Eagle D: Horse E: Sailboat

F: Coppertop Finial. Available only on Coppertop cedar cupolas.

A-E: Black Weathervanes. For treated wood cupola.

CEDAR CORBELS

A classic decorative touch.

LOFT, SHELF, WORKBENCH

Lofts and shelves are 7/16" OSB. Lofts come in 24"D sections, installed at top of wall. Shelves are 16"D, installed at 18", 34" or 54". Workbenches are 24"D 3/4" SmartFloor with backsplash and rounded front, installed 34" high, below windows.

EXTERIOR PLANT SHELVES

Set of two, 16" and 22", 5/4" treated shelves with arched timber braces below.

STRAP HINGES

Decorative and functional, replaces piano hinge.

REVERSE GABLE DORMER WITH WOOD VENT

For Skyline in SmartSide or vinyl, includes wood vent. Not open to inside.

A: Aluminum Threshold Plates (standard with garage doors) B: Portable Metal Ramps C: Treated Ramps, 54" or 66"Wx48" deep

Pent Roof with Braces
In three sizes for Skylines and Ontarios, with shingles, 29-gauge exposed fastener steel, 24-gauge standing seam steel or standing seam copper.

Arched Timber Brace
For the extended eaves of Raven, Newport and Bristol.

Small Wood Vent
Replaces metal on New England.

Large Wood Vent

Gable-End Shakes

Plank Flooring. 2"x8" treated tongue and groove. Not covered under warranty.

Hand-Peeled Round Cedar Porch Posts

Drop Rods (for wood doors)

This double SmartFloor with standard 16" OC joists on edge shows no deflection from a semi truck's weight. We don't expect you to park a semi truck on a wood floor, but you could!

JOISTS ON EDGE

Our floor joists are installed on edge, multiplying strength and stability. Treated joists are standard on Signature, available on New England. Skids are treated and SmartFloor is treated with SmartGuard.

CROSSWISE PORCH JOISTS

In our porch sheds, joists are run properly – crosswise under the building and out under the porch. Lengthwise allows a porch to settle or even separate. Siding goes down to the joists, so rain or melting snow is blocked from the interior.

SMARTFLOOR. PROVEN STRENGTH.

SmartFloor is engineered for strength, with no natural splits along the grain. A single layer of SmartFloor in a 10'x20' shed has a huge 40,000-pound live load rating, about five times what most housing codes require. For parking a vehicle, we recommend doubling a SmartFloor.

Engineered wood stays stronger longer, resistant to moisture, termites and fungus. Weight is not the best guide to floor strength. Consider – to a termite, a heavy plank floor is just a bigger meal. The validated strength data of engineered wood is far more reliable.

HOW IT'S BUILT

Almost three decades of building sheds, garages, playhouses, cabins and custom homes has led us to innovative materials and methods, the use of renewable resources, and a quality of construction once only dreamt of.

RENEWABLE RESOURCES. Engineered wood – our siding, floor deck and trim – comes from small, fast-growing trees harvested from SFI-Certified forests. We plant hundreds of trees a year to ensure the future of this precious renewable resource.

PURE DESIGN. Our designs have been refined over time to complement every housing style with modern architectural sensitivity.

QUALITY MATERIALS. We begin with bright lumber – cleaner and straighter skids, studs and trusses than in many houses. Engineered wall panels have the many advantages of textured surfaces, structural integrity, and resistance to mold, mildew and insects.

PANELIZATION. Panelizing creates stronger, straighter, tighter walls. It protects raw wood from exposure to weather. Even large structures can be built with surprising speed and minimal disruption to a job site. Panelizing produces a better-quality structure with more efficiency and less waste.

BAKED-ON FINISHES. Paints and stains cure best with seven days of hot, dry weather. By curing indoors, we replace nature with a controlled exposure to heat and UV rays, replicating a hot sun and improving the adhesion of the finish.

OSB ROOF SHEATHING. OSB has higher moisture tolerance than plywood, more dimensional stability and none of plywood's soft spots. The idea that plywood is better than OSB is a myth.

Modern building technology like panelization results in structures 100% better than those built, say, thirty years ago. Don't settle for less.

The best finishes need seven days to cure in hot, dry weather...or our paint oven. It's new, it's powerful, and you won't find it just anywhere.

WHEN IS 1 STRONGER THAN 2 OR 3?

When 1 six-foot hinge replaces 2 or 3 traditional hinges. Our exclusive six-foot, no-rust aluminum piano hinge gives you serious security. Anyone who thinks he will "just take the hinges off" is in for a surprise. A long hinge helps a door swing smoothly and keep it up over time. Why think so much about a hinge? Because it's a weak point on many sheds. Not ours.

guest interview

What, exactly, is treated, engineered wood?

"For years, untreated wood was a huge problem. When modern chemistry let us treat wood, it revolutionized building. SmartGuard was a big step forward. An advanced, environmentally friendly treatment, it adds dramatically to building life and soundness."

How does LP fit in the industry?

"We pioneered treated and engineered wood and are a global leader in materials engineered for best performance in homes and accessory buildings. No one makes more products specifically for barns and sheds."

Okay, but why not just cut up a tree?

"You could, but our advanced processes use the entire log from fast-growing trees regrown in SFI Certified Forests, managed to optimize timber's splendid ability to renew itself."

What else goes into a great shed?

"We couldn't do it without you! The shed industry recognizes your innovative design, construction and paint application. Your customers get a great shed, barn, cabin or tiny home, and we are happy to play a part."

AJ Keating

LP Corporation

SMARTGUARD & YOUR ENVIRONMENT

1. LP SmartSide is made from wood – a renewable, natural resource.
2. LP relies on small, fast-growing trees that can be replenished more quickly than older, larger trees.
3. LP uses SFI Certified Sourcing systems to ensure that wood comes from well-managed forests.
4. LP uses the entire log. Wood waste is repurposed or used as fuel.
5. LP uses only low-emitting, safe resins without formaldehyde while making SmartSide, SmartTrim and SmartFloor.

SMARTGUARD® LP products use treated wood strand technology with advanced binders, wax and SmartGuard, a proprietary zinc borate, to resist moisture, fungal decay and termites.

SMARTSIDE has a 5-year, 100% labor and replacement warranty and a 50-year pro-rated, limited warranty on the substrate. LP SmartFloor has a 10-year limited warranty, and that is in addition to our 20-year warranty for Signature.

ONE-HOUR INSTALLATION!

You'll be amazed! JDM's small, specialized lift trucks (called "mules") and highly trained drivers make short work of deliveries and keep the process clean and simple.

Our equipment fits tight spaces, but where access is truly impossible, have your shed built on site.

HOW TO PREPARE YOUR SITE

We recommend a 3"-4" deep limestone foundation pad 24" larger than shed dimensions (12" per side). Buyer is responsible for grading and foundation, building/zoning permits and any needed caulking.

Visit www.jdmstructures.com/installation and talk with your local JDM Specialist for prep options.

SHED BUILDER BY JDM

JDM's new Shed Builder is an amazing 3D experience that's easy, fun and extremely useful. Not only can you design the shed you want, but every detail is instantly priced for you. The Shed Builder puts you in the driver's seat. Take it for a spin, share the results with friends, discuss your design with your local JDM Outdoor Specialist.

Get started today at JDMstructures.com/ShedBuilder

EASY WAYS TO OWN A JDM SHED NOW

Cash or credit. Welcome anytime.

Rent to Own. Spread payments out and own the shed in three or four years, or return the shed if payments ever become too much. Rent to Own does not affect your credit cards or home equity.

12 Months/No Interest. Simple! Take a full year to pay off the balance with no interest.

Compared to renting storage, buying in any of these ways saves money – and gives you backyard convenience!

A CREATIVE TOUCH, AN UNFORGETTABLE SHED

Sometimes a shed is just what your backyard is missing... here's one demonstrating how transformational this easy upgrade can be. Need a workshop? Got stuff to store? Nothing's much more practical than a shed for de-cluttering, but whatever you put inside, a bit of brilliant paint makes the outside nothing short of stunning!

SOMERSET, 10'x16'. Special touches: SmartSide in Driftwood with Grass and Black Fox accents, Bronze steel roof, Craftsman Stall doors, 28"x29" wood windows, crossbar shutters.
